PROCEDURE:

To enable the Central PA Connect to establish appropriate Access for each Member Organization and Authorized User, each MO shall designate a CPC-HIE Authorized Individual who shall provide Central PA Connect with a list, identifying all of the MO's Authorized Users together with the information described in the User Information Form and a signed Confidentiality Agreement.

Thereafter, the MO shall provide notice to Central PA Connect whenever an Authorized User is added or removed by reason of termination of employment or otherwise and provide such notice to Central PA Connect of all such changes within forty eight (48) hours of occurrence utilizing the User Information Form. The Participant shall not permit an Authorized User to transfer his or her credentials to another, either temporarily or permanently.

MO shall verify, and certify to the Central PA Connect, if requested, that each Authorized User has satisfied all requirements and restrict access to the HIE and, if applicable, use of the services, to the Authorized Users if removed for any reason. MO must authenticate, through unique User authentication, each Authorized User's identity prior to providing any user with access to Protected Health Information.

Central PA Connect may provide or arrange for the provision of training to each MO's Authorized Individual regarding the MO's access and use of the CPC-HIE and services.
